

Installing WinREG

 FW2.20

 Install WinREG v3.8r18

 Install the WinTMM v2.10

 FW2.23

 Install WinREG v3.9r6

 Install the WinTMM v2.51

 Important to match the FW and version of WinREG

 Both versions can be installed on a laptop at the same time

Installing WinREG

 Be sure to choose the correct WinREG directory when installing WinTMM.

WinTM Setup

Installing WinREG

 Install Collector and Review – v1.5 is the current version

 The Control Centre will display all modules which are correctly installed:
